Henderson & Co., boot and shoe merchants, of Chicago, was beaten unmercifully by a mob of twenty-five citizens a few days ago for an alleged assault upon the eleven-year-old daughter of depot agent Uter at that place. Rogers was taken from his hotel at Coeburn and carried about a mile from town and flogged into unconsciousness and left without medical assistance. His condition is critical. The bookkeeper, a young woman, was left in charge. The mails brought to light the fact that she consulted the bank officials, and found the firm had drawn every cent out before leaving. The amount they "cleaned up" can only be conjectured, but it will run into the thousands.

WILLIAM PICKEREL'S PICKLE.

Masked Men Use a Whip on a Man with a View to Mending His Morals.

Special to the Indianapolis Journal.

SEYMOUR, Ind., July 19.—This morning, at 8 o'clock, a body of masked men went to the residence of Mrs. Sarah Hughes, on what is called "Smoky row," in the southwest part of this city, and, surrounding the brick cottage, knocked on the door. Mrs. Hughes asked what was wanted and the answer was, "We have a letter for William Pickerel." Mrs. Hughes opened the door and was surprised to see a number of revolvers pointed at her. She told the mob that Pickerel was not in, but that she would take the letter to him in the morning. The mob did not believe the story. The room being in darkness, she was requested to light a lamp. One of the mob lit a match. Pickerel was discovered standing against the wall. A number of revolvers were pointed at him and he was ordered to throw up his hands, which he did. He was seized, and one of the men took hold of the woman and ordered her to come along. This the woman refused to do, and after a little parleying she was permitted to remain. The mob started away with orders to go to his home and get the furniture factory where he was working. Twenty-five lashes with a whip. After the whipping he was released and ordered to go to his home and provide for his family of five children, the oldest being fifteen and the youngest eight years of age. Pickerel is a widower, his wife having died four years ago. Mrs. Hughes has his housekeeper for about three years, but, becoming tired of her, he moved to his new home, a few miles east of this city, and provided for his family of five children, the oldest being fifteen and the youngest eight years of age. THE BOUNTY PLAN.
Flint Glass Workers Adopt the New System in One Branch for a Year.

Special to the Indianapolis Journal.

MARION, Ind., July 19.—The National Flint Glass Workers devoted most of the time to-day to the discussion of the bounty method of combating nonunionism. This method was considered in convention four years ago, but was not adopted. Since then it has practically driven out nonunionism among the window glass workers, and in other ways has commended itself to the favor of the flint glass workers. The strike is about the only alternative when this plan is not applied, and that has proved costly, and in many other respects has been a failure. One of the best features of the bounty plan is the compulsory spirit shown; a spirit which, if generally manifested, will do more, perhaps, toward the solution of the labor question than any conceivable plan based on the passion and prejudice that have characterized so many of the controversies between labor and employer. The bounty plan no longer laborers under a disadvantage from the payment of higher wages than his competitor who employs nonunion labor. The result is that unionism rules. After a thorough discussion of the subject the bounty method was adopted in one branch, that of the cutters of the most important branch of the trade. It was expected that the convention would adjourn to-day, but it will not be able to complete its work before to-morrow night.

REGULAR BOURNE STORY.
Brief and Bloody Battle with Tramps Near Lake Michigan.

CHICAGO, July 19.—Two men were mortally wounded and one instantly killed in a pitched battle between tramps and citizens near Sheffield, Ind., Monday night. The dead man is known as Al Jennings, alias "Hutch," of Toledo, shot through the heart. The mortally wounded are Jack Gallagher, of Allentown, Pa., shot through the body at the base of the spine, and George Dorch, village of Whiting, driver for South Chicago Brewing Company.

The three men, led by Gallagher, a cabin occupied by a fisherman named William Purdy, with whom Gallagher had been fighting. In the cabin was Hugh's daughter, Mrs. Emily Stolly, who had given birth to an infant an hour before. Her husband and George Dorch were also within. The battle was a hot one, and it lasted but a few minutes. Gallagher had been shot through the heart, and he was exhausted. They were quickly routed. Purdy, after the melee, gathered Gallagher from the neighborhood by a lynching. By the accidental discharge of a shotgun in the crowd of people that gathered later, Deputy Sheriff Scott, of Crown Point, Ind., was wounded in the calf of the leg. Martin Donald, a huntsman, in the left arm and Frank Zehnitzky, a woodman, in the left leg. The scene of the battle is an isolated place in the swampy region near the Indiana Illinois State line at the head of Lake Michigan.

Leg Cut Off by a Train.
GREENCASTLE, Ind., July 19.—When the Vandallia midnight train, west-bound, was passing Coatesville, last night, the engineer noticed a man sitting or sleeping on the track and sounded the usual danger signals in the hope of arousing him. The train was stopped as soon as possible, and the wounded man was carried for by those on board of it. He could give no account of the accident, or how he came to expose himself to danger. He gave his name as Thomas Mangel and Coatesville as his home, where his wife and two children reside. He is about twenty-eight years of age. He was brought to this city for medical treatment, but to avoid the danger of delay it was finally decided to take him on to Brazil or Terre Haute, where the agent of the road was notified to have an ambulance and surgeon in readiness upon the arrival of the train.

A call at Gray Gables this evening found the President on the veranda. He expressed himself as having had a most enjoyable cruise, and that he had not contemplated another during his stay here. In speaking of his physical condition he said that he was in splendid health, and that the rheumatism trouble had entirely disappeared, for which he was truly thankful. Special to the Indianapolis Journal.

ANDERSON, Ind., July 19.—More than a thousand excited spectators saw Steel Prince defeated by Barney in the 2:20 pace this afternoon. The weather was ideal for racing and the track a trifle faster than yesterday. Prince took the first heat in 2:12.1, establishing the track record. In the subsequent heats Barney was steady and repeatedly paced the Tennessee stallion off his feet. The 2:23 trot was easily won by Luzzelle. In the 2:23 class Blain Alco was pushed for all he was worth, and in the last heat a blank would have covered three of the horses doing the home stretch and almost under the wire. Summaries:

Surprises in the Free-for-All Trot.
Special to the Indianapolis Journal.

DETROIT, July 19.—Another big crowd assembled at the Detroit Driving Park to-day to witness the third day's races of the Blue Ribbon meeting. The first event was the 2:21 pace, unfinished from yesterday, in which Boone Wilson took the fourth heat, distancing Tip o' Trip, who already had two heats to his credit. Christie Queen took the fifth and sixth heats, but not without working hard for them. Then Drelincourt captured the race by taking three straight heats, making it a nine-heat race. In the 2:22 trot Katie Earl was the favorite, selling at \$30 to \$40 for Pacesetter and Island Wilkes. The favorite drew the outside position. Garnishes getting the pole, La Tosca took the lead at the start and she once took over her. Katie came fast at the last, but could do no better than seventh. Before the second heat La Tosca was sold for \$25 to \$30 for a great battle in the stretch and pushed her so hard that she broke thirty feet from the finish. Pacesetter trotted steadily and the judges gave her the heat. The next two heats were La Tosca's in the easiest kind of a way. The first heat of the 2:15 pace was a surprise to every one. Alvin Swift and Henry F. were the favorites, but Rosewater, a 5-to-1 shot, came under the wire first. Jessie L. took the next two heats and the race then went over to tomorrow on account of darkness. The free-for-all trotting also went over after Walter E. had taken two heats and Nightingale and Lord Clinton at \$25 each and Mark Stripes at \$20. The field brought \$50 to \$75 for Martha Wilkes. Maid Marian's Wonderful M. R.
CHICAGO, July 19.—Although the Quickstep stake was the principal feature of today's card at Washington Park, it was overshadowed by Maid Marian's remarkable performance in the fourth race. The Kendall stable filly, with Thorpe up, ran a mile and twenty yards in 1:40, beating the record by 1/2 seconds. She led all the way and was three lengths before Diablo, who tried to overtake her during the last half mile. The mile from wire to wire, was run in 1:38.4, the fastest ever made on a circular track, and all things considered, is a better performance than Salvatore's famous straightaway mile in 1:35.4. The Quickstep stakes had a field of seventeen starters and there was a most exciting finish. The favorite, the Kendall stable filly, and May Fern, a rank outsider, which had led all the way. They finished in the order named, heads up. Pat was almost left at the post. The stake was worth \$5,000 to the winner. Second choices won four of the five purse races. The following are the summaries:

First Race—One mile. First Ward (Irving), 5 to 2, won, driving, by half a length; Joe, 8 to 5, second, by 1/2; 1:40.4.

Second Race—Selling; mile and a sixteenth. Content (Carr), 3/4 to 1, won easily by two lengths; Ragner (Weber), 4 to 1, second by half a length; Emma Primrose (Schubert), 13 to 5, third. Time, 1:48.4.

McCone, Annie Brown and Gen. Marmaduke also ran.

Third Race—The Quickstep stakes, for two-year-olds, \$1,500; half mile. Flirtation (Miller), 9 to 5, won, right by the wire by a head; Belle (Jordan), 10 to 1, second by a head; Belle (Jordan), 10 to 1, third. Time, 1:38.3.

Fourth Race—One mile and twenty yards. Maid Marian, 106 (Thorpe), 8 to 5, won easily by three lengths; Belle (Jordan), 10 to 1, second by two lengths; Anna (Perkins), 20 to 1, third. Time, 1:40. Guido (Miss Patton) and Janus also ran.

Fifth Race—Six furlongs. Jessie O. (Thorpe), 9 to 5, won by a length and a half; Brazos (Hill), 7 to 5, second by two lengths;

Prize Track Two-Year-Old Event.
MOUNTAIN PARK, July 19.—The programme, to-day, was dull and uninteresting, consisting largely of over-night and consolation races. The weather was perfect. The maiden two-year-old event was a veritable bonanza for the bookmakers. Of the eleven starters seven were backed quite extensively. Indra closed a slight favorite over Gallatin, but in all probabilities more money found its way into the bookmakers' coffers on Half Mine, who was freely tipped as one of David Pulsifer's good things. The colt carried several small fortunes. He was unable to do better than get the place. Frigo, who was tipped at, with the substantial odds of 6 to 1 against him, won quite handsly. Summaries:

First Race—Five furlongs. Tormentor (Hart), Stonenell second, Meddler third. Time, 1:10.4.
